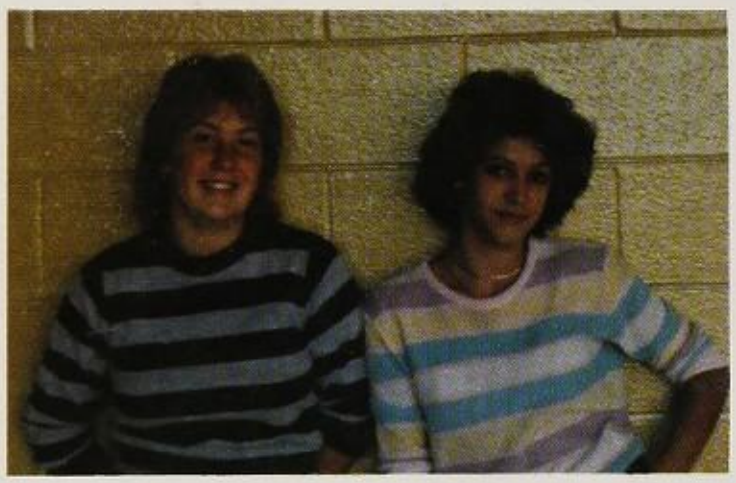
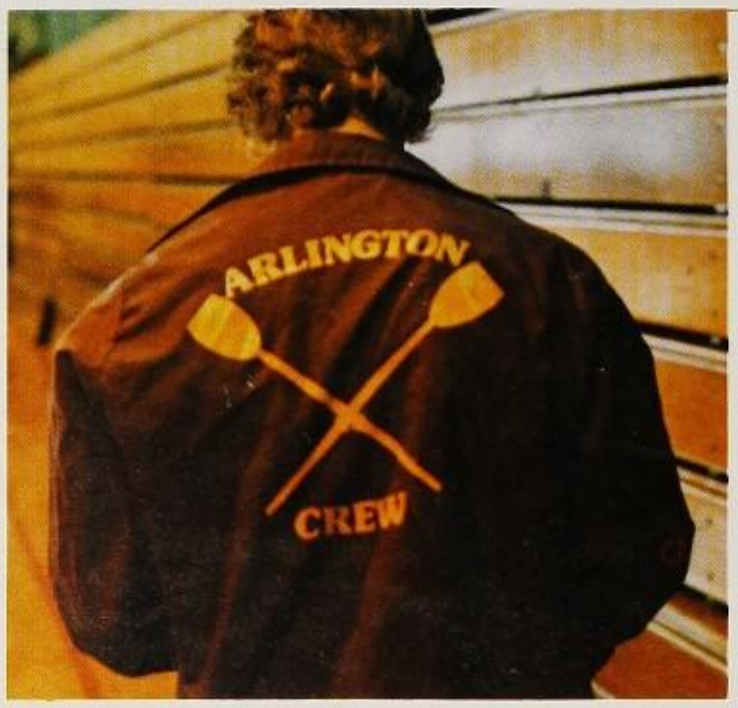
Arlington High School
Pleasant Valley, NY 12569

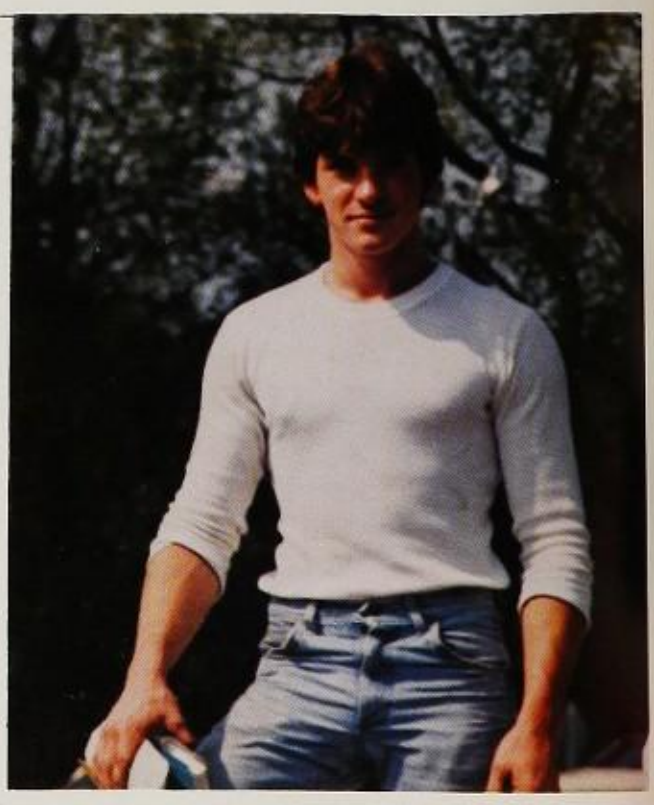
I love my "little" sister.



Live your life off the wall.



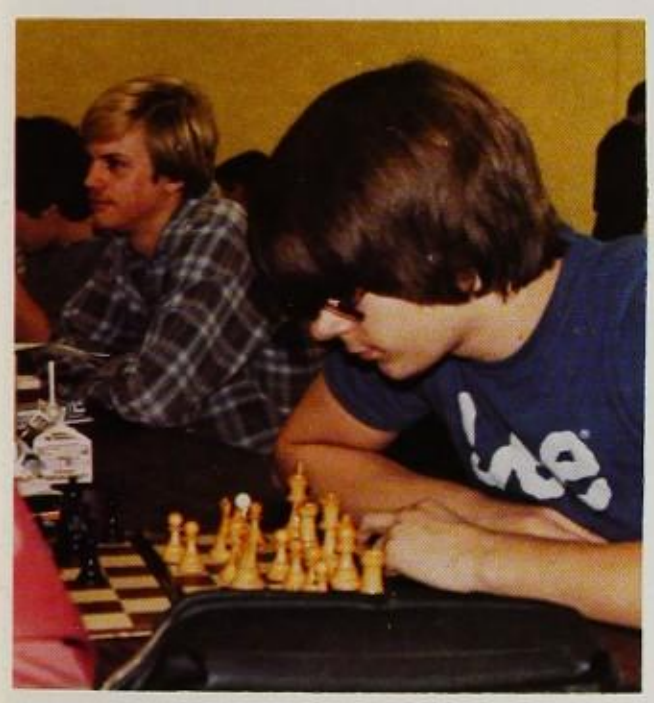
The few, the proud . . .

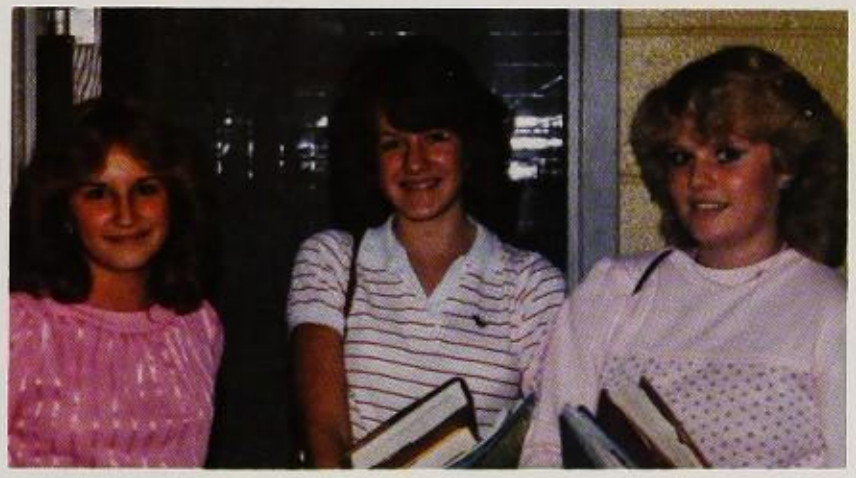


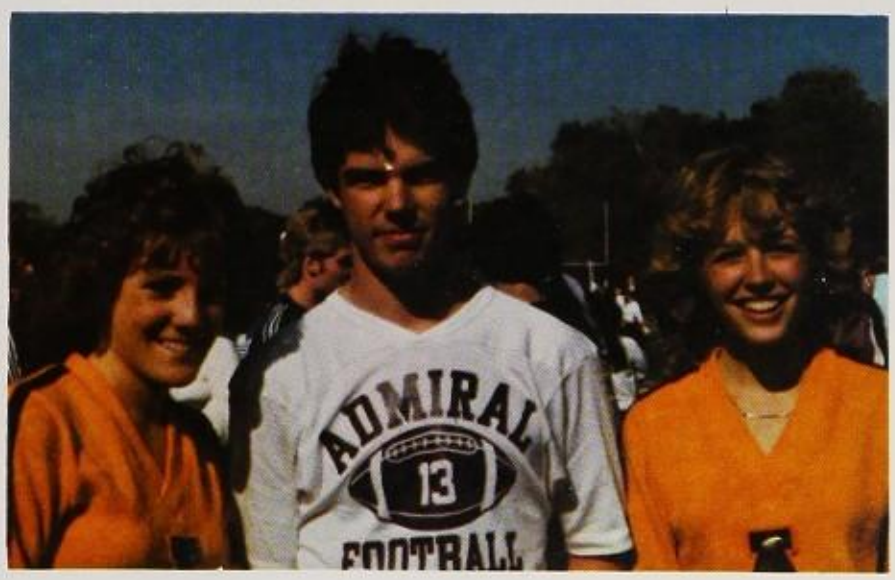
Many roads we have traveled

Arlington's got class, and don't ever forget it!

What did you say???

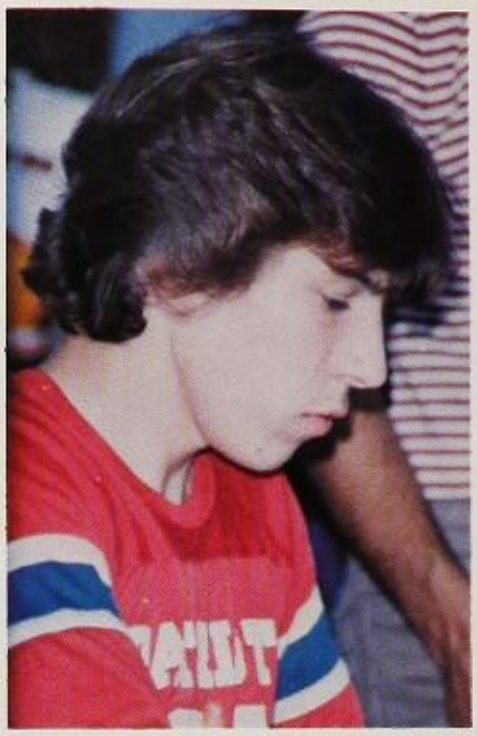






I haven't known you long but we have so much in common.

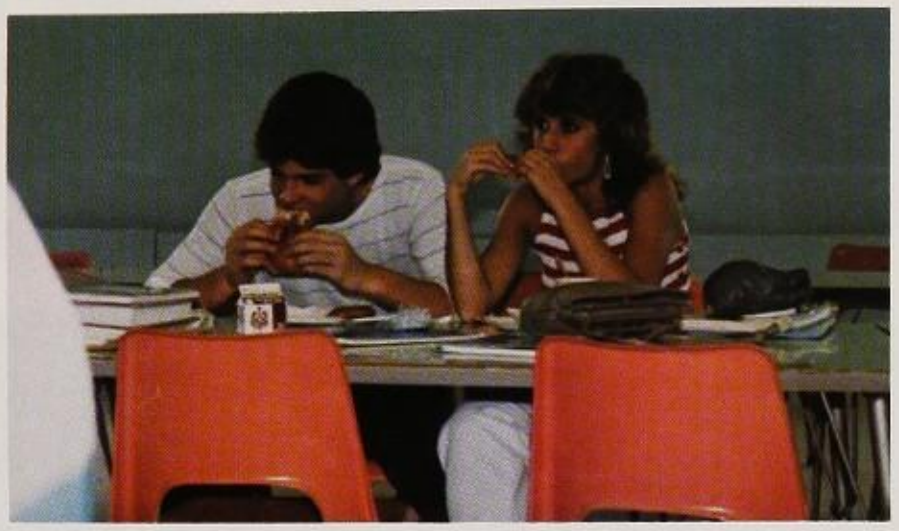
Don't I look like Mick Jagger from the side.

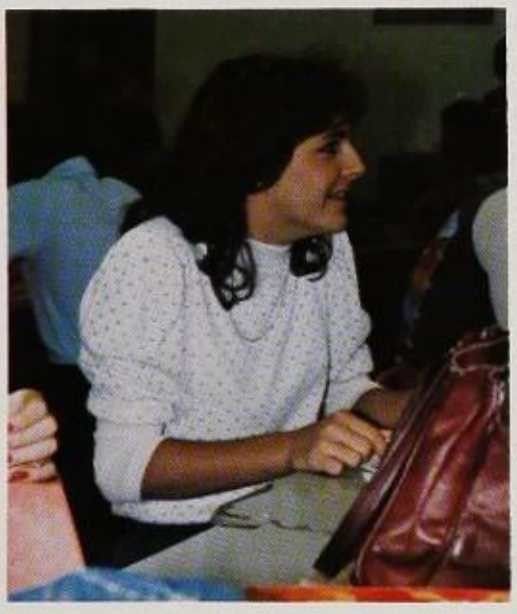


Just hangin' out!

Many miles we have come . . .

Homework is time consuming.



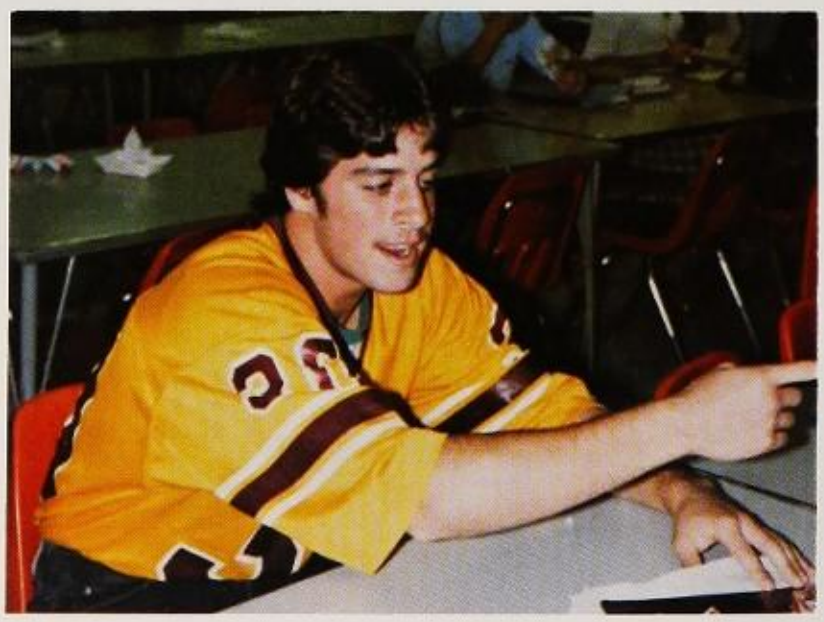


School's a battle-field.

I know! . . . Purple makes me look even more fascinating.

For we know
we've only a moment to share

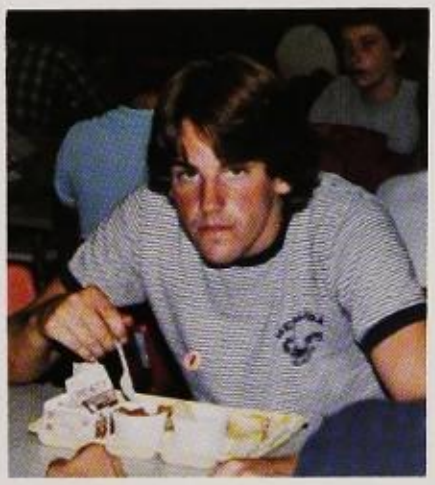
We just got our failure notices!

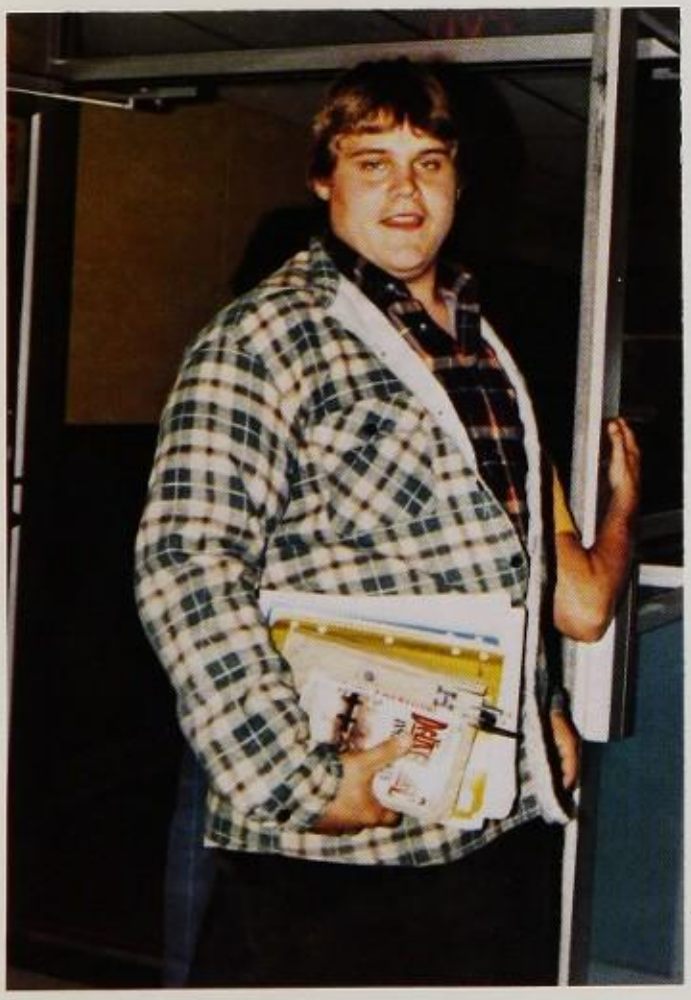


Stop! Don't eat that!

Mirror, mirror . . .

School food??? Let me explain . . .





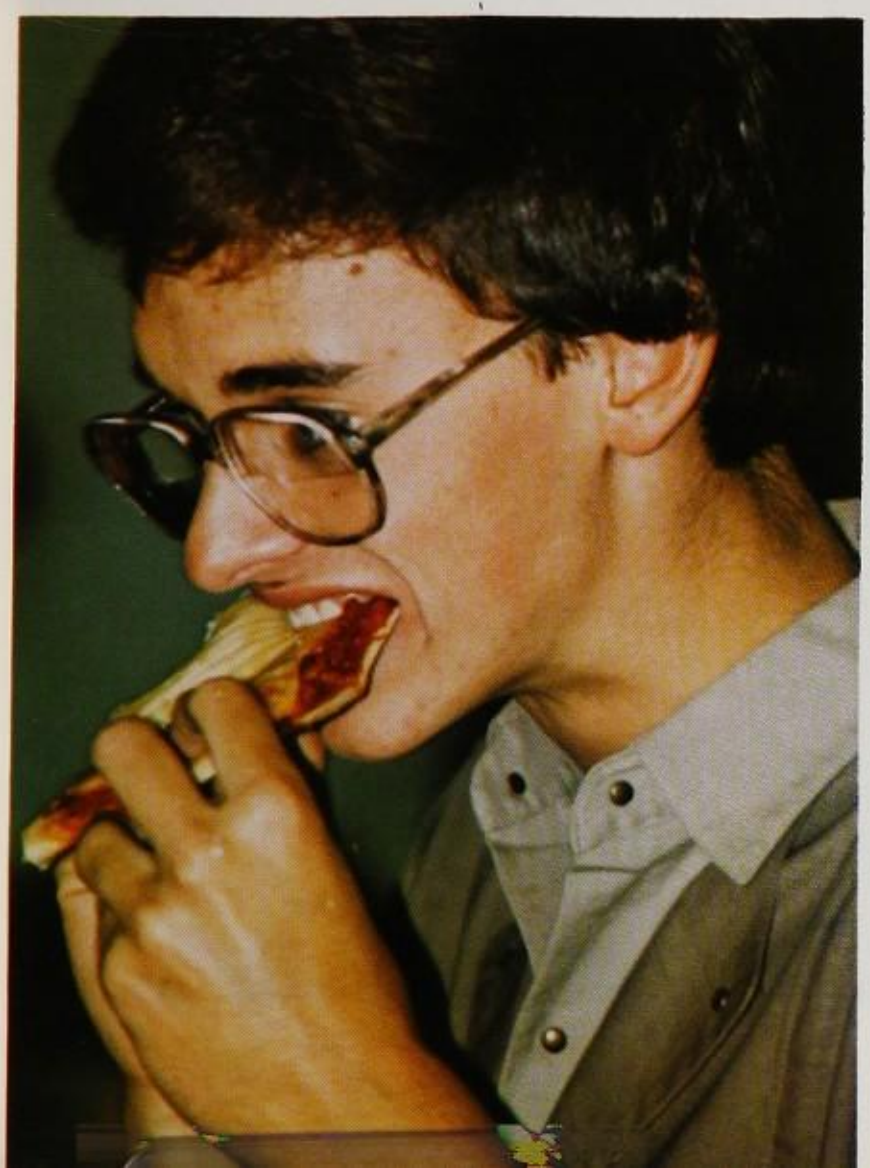
Now would we lie to you???

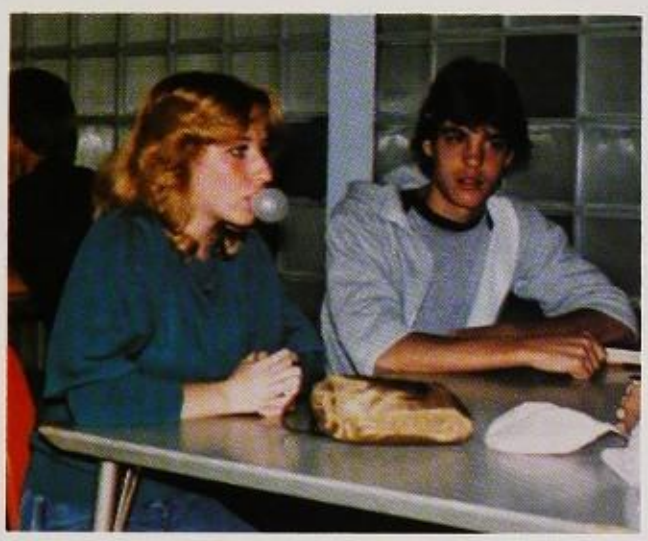
Yes, I am a star.

A moment to realize our dreams . . .

Us? Popular???

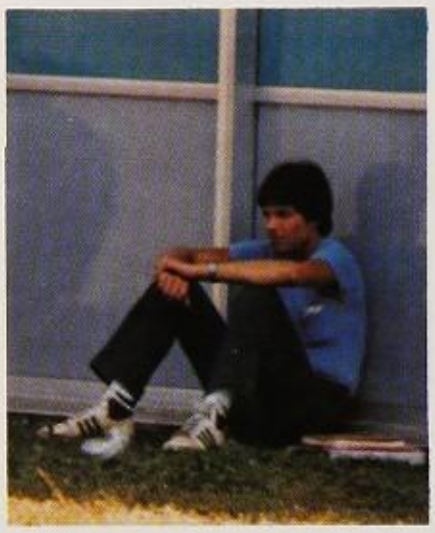
What does it *look* like we're doing?



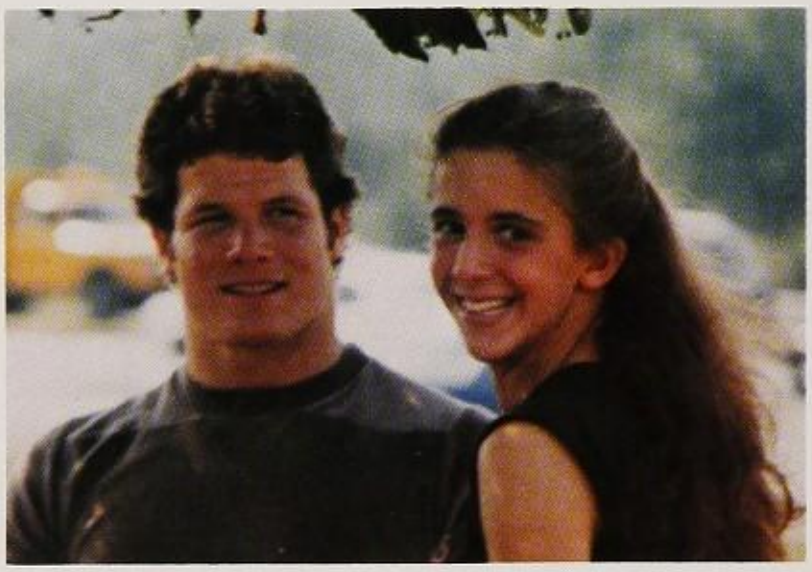


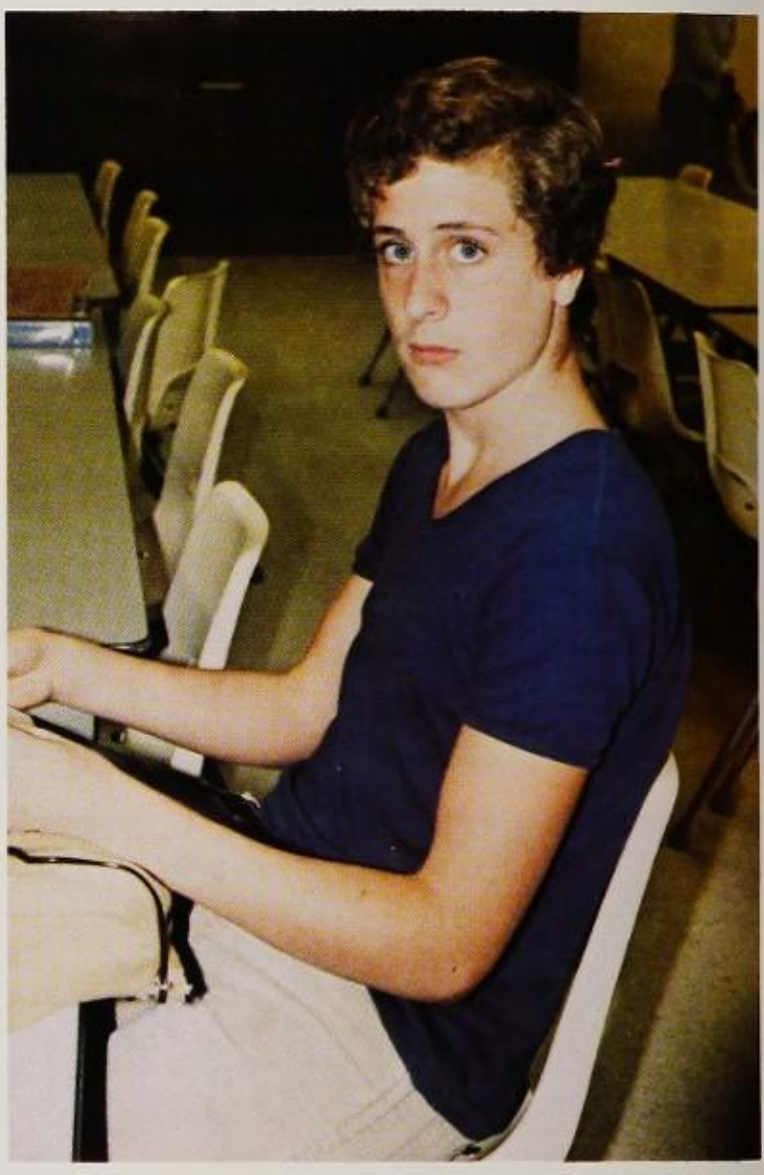
For soon we must go

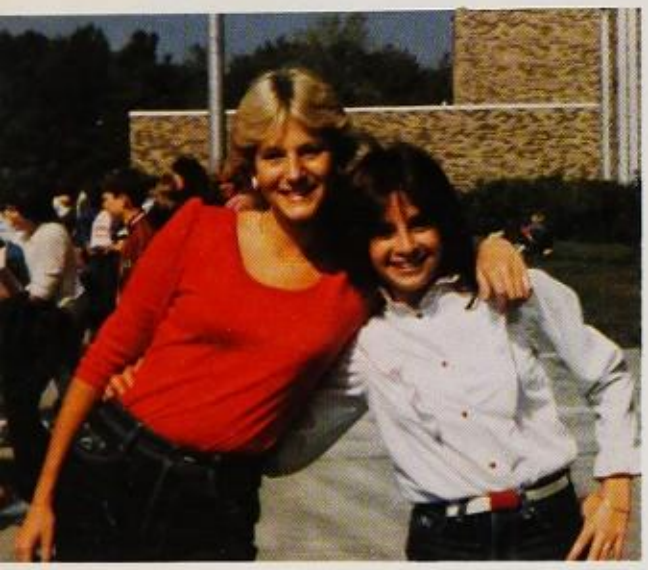
I wonder what I'll be doing in the 25th century.

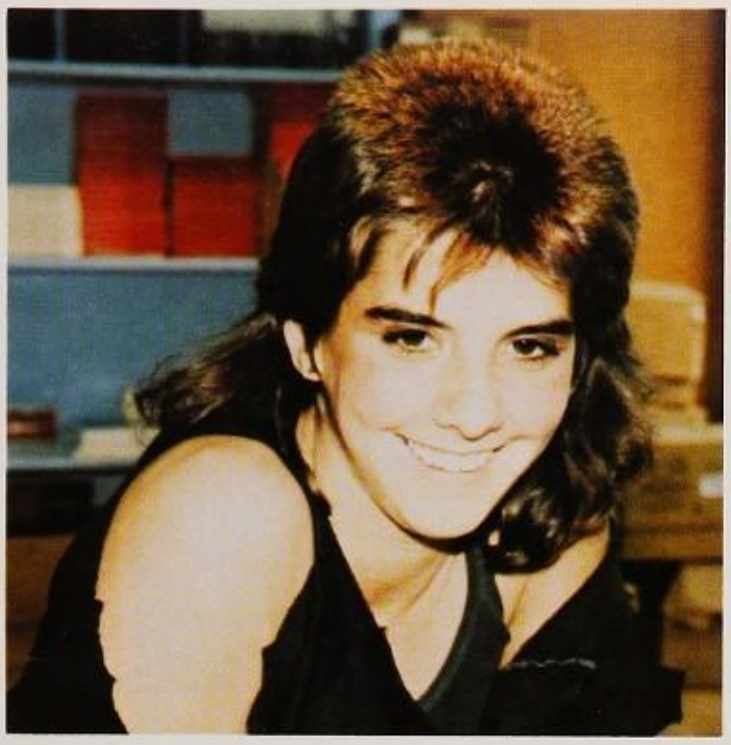


Ain't he cute?







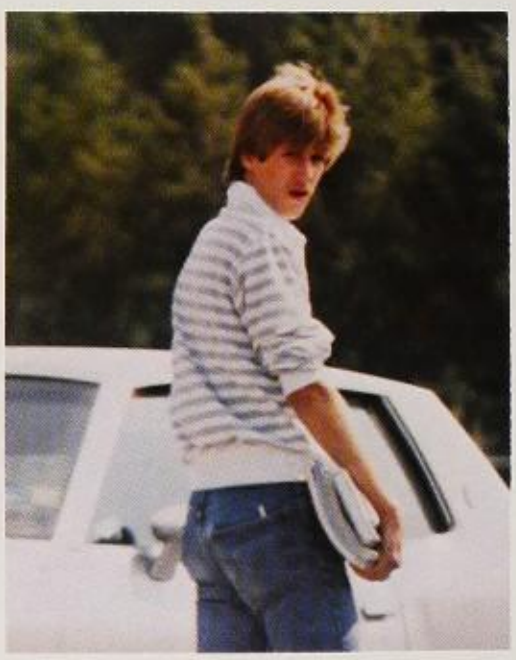


Thank God for calculators!

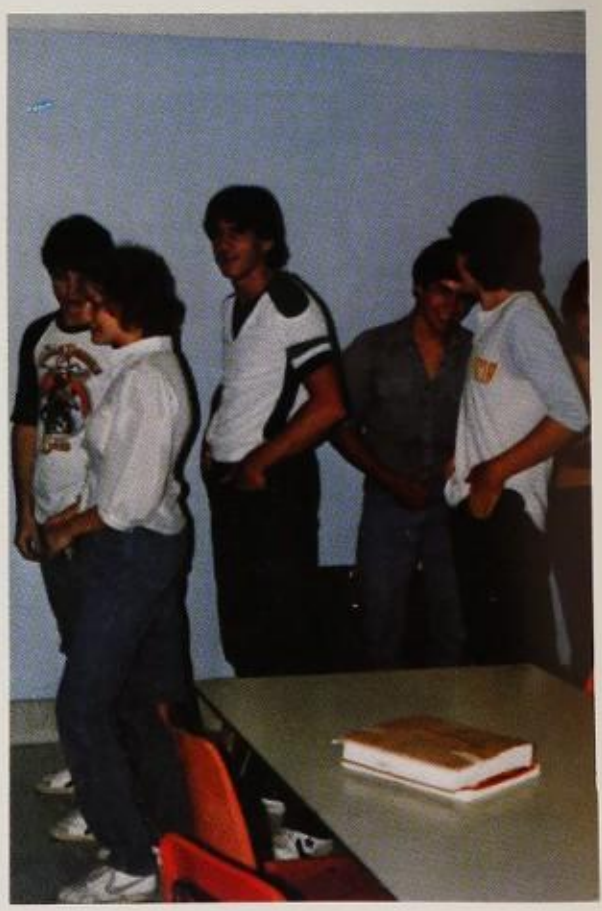
That's the worst joke I've heard in a long time.

Excuse me, Miss . . .

A test! Today???

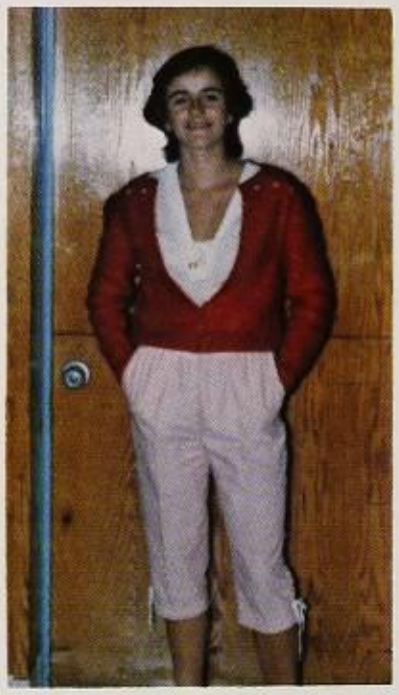


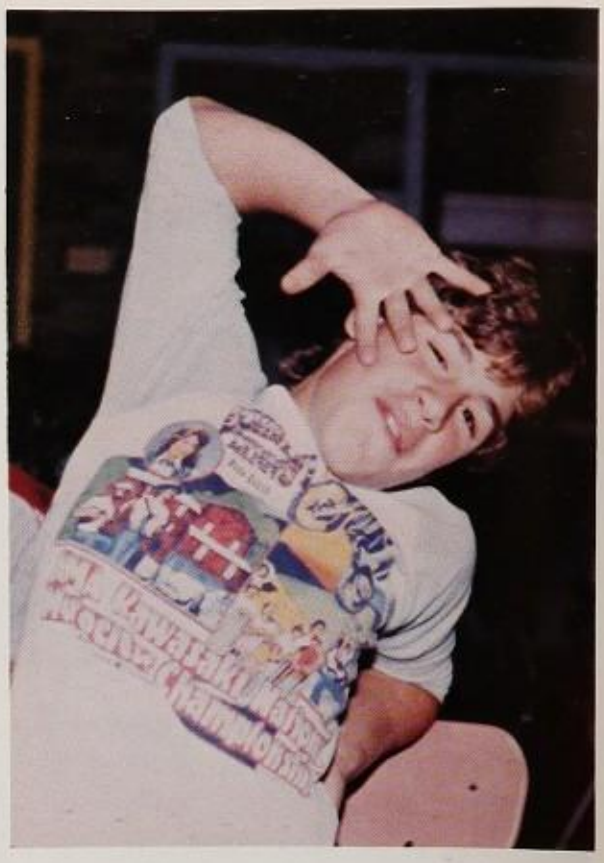
No way, I'm goin home!



our separate ways

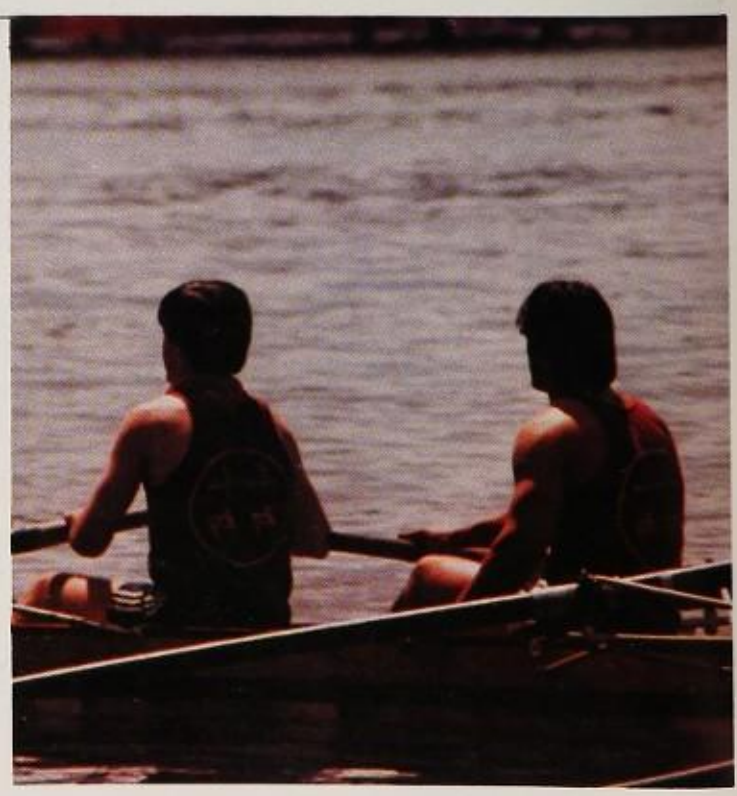
It's like a cool breeze blowing through my hair.





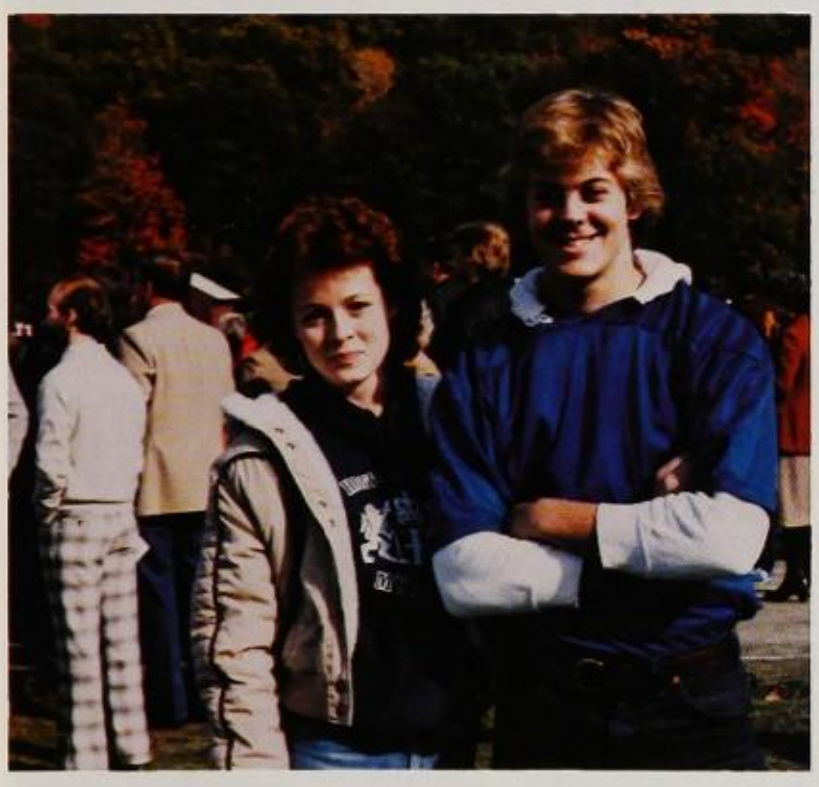
Well fans . . . what's the verdict???

No, it's my last piece.

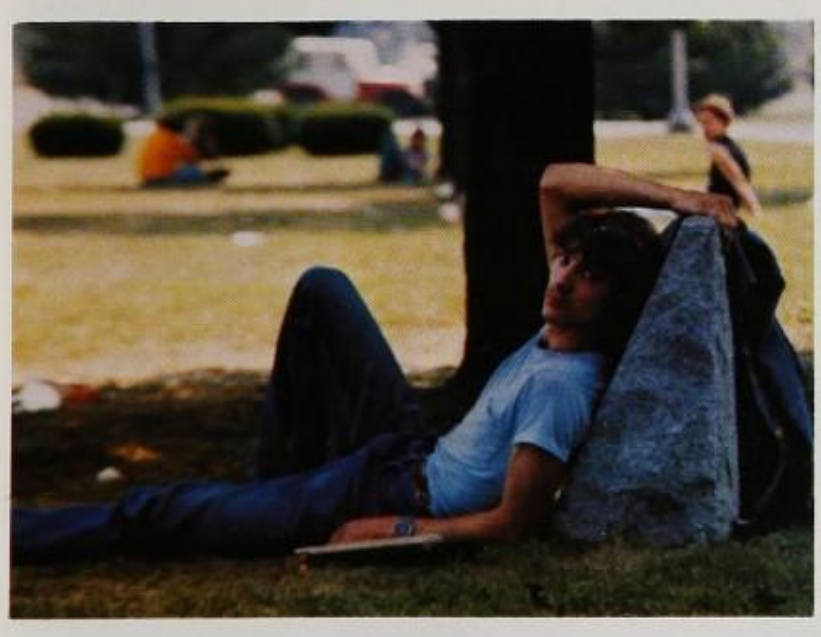


An apple a day.

It wasn't me!



Many roads we have traveled
Many miles we have come . . .
For we know we've only a
moment to share
A moment to realize our dreams . . .
For soon we must go our separate ways



Moments to Share, words by Judith Keller, used by permission.

Guidance

Mr. Duggan
Coordinator

Throughout high school, the guidance counselors play a very important role in helping us shape our future. They carefully aid students in choosing courses which will best fulfill the students' educational needs. Our counselors are always ready with information about career choices and college admissions. Whether a student has questions about military or vocational training, financial aid or college applications, the counselors are always willing to help.

All of this vast information is available either in the Guidance Office or from the many experienced counselors whom Arlington is so appreciative to have.

Library

Arlington's libraries serve not only as an excellent source of reference books and literature, but also as a college and career information center. The computer in the North Campus library can print out information about college and job opportunities. The South Campus library, although without a resource career center, has an up-to-date collection of career materials. Students are urged to make use of these materials as often as possible.

Future expansion of the library is still being planned. As of yet, a grant to update resource references has not yet been obtained. Both Miss Buthmann and Mrs. Davis stress the need for an enlargement of the libraries and a general overhaul of the references now available. In its present state, however, the library has proven itself invaluable to all students.

English

Mrs. Kirn
Coordinator

Mr. Sorrentino

At Arlington, learning the basics of English is stressed. Special emphasis is placed on offering a diversified curriculum. Students are placed in various levels which are developed to fit each student's individual needs.

As a senior, one is able to choose two half-year courses such as Drama, Poetry, English and World Literature. Another challenging course is the full year A.P. English course. One experiences a chronological study of literature from Greek tragedies to 20th century poetry. A student has the possibility of earning Advanced Placement by scoring well on the A.P. Exam given in May. After graduation, many Arlington students attend colleges and universities with a strong background in English.

Social Studies

The social studies department at Arlington offers students a variety of academic levels and chances to study histories and cultures from all over the world. Students can learn about everything from local history to ancient European civilizations, Middle Eastern values, Medieval Europe's customs, and American History. The list continues.

Seniors have many electives from which they can choose. For instance, they have the option of studying the human mind in Psychology. In this course, they study Freud's theories, analyze dreams and try meditation. Anthropology, another elective, is a detailed study of cultures, some of which are far removed from our own. Law related education is yet another unique choice for seniors. They can learn about court room procedures and examine specific cases. For those seniors wishing a challenge, Mrs. Kime's A.P. course offers an intense study of European History. Actual source material is often used to enhance students' knowledge about historical societies. These different social studies courses, in addition to others, allow seniors to discover new interests which they might like to pursue further in college.

Arlington's Math department offers an extensive program which includes remedial, basic and business mathematics, regents and A.P. calculus courses. Due to the wide variety of choices in the math area, students are able to become at least mathematically literate. For those students who wish to excel further, the program certainly presents a number of opportunities to do so.

Another strong department at Arlington is the Science department. A wide spectrum of science courses is available to students during high school. For those interested in science as a possible career, A.P. Biology and A.P. Physics are freshman college courses which provide in-depth studies of those topics, and also a chance at credit. Other courses include IPS, Biology, Chemistry, and Physics. Thus, even if you won't be the next Einstein, there is still something in science to interest you.

Foreign Language

Coordinator

Mrs. Spann

The Foreign Language department continues to be a very active segment of Arlington's curriculum. With over a thousand students involved in the study of a second language, it is no wonder that the Russian, French, Spanish and German classes plan many interesting activities.

The Spanish 4 & 5 classes went to see El Sombrero de Tres Picos in New York City this fall. After the play, the students were allowed to go in groups to Spanish restaurants.

French classes are continuing to benefit from the Wiecha Method, taught by Mrs. Cheryl Blanchette. Last year French 4 & 5 classes went to see a French movie, Les Enfants du Paradis, and followed the movie with lunch at a French restaurant. A similar trip is planned for this year. French students also traveled to France last year, visiting Paris, as well as some rural areas.

Although German is not offered until the ninth grade, there is considerable participation in the program during the freshman through senior years.

Participation in the Russian department is somewhat smaller than that of other language programs. Regardless, Mrs. Barley will take juniors and seniors to Russia again this year, where they will tour Kiev, Moscow and Leningrad.

Driver Education

Mr. Wynne

The Driver's Education program offers a unique opportunity for future drivers. The course centers around various methods of learning. Class time includes lectures, safety films, and testing knowledge of motor laws and techniques. Car simulators are used regularly, as are the cars themselves. This hands-on practice is particularly valuable and instructive. The course is a combination of theoretical and practical driving methods, and has been a great asset in helping many students gain knowledge and experience.

Health

Although required, the course offering in health is enjoyed by a majority of students. It is an important course because it brings many vital facts to the students' attention. Subjects such as physical well-being, mental illness, alcohol and drug abuse, and sex-education are discussed. The curriculum follows the textbook, *Tune into Health,* and is further enhanced by guest speakers, films, and additional reading material. All things considered, Health proves to be quite informative and interesting.

Physical Education

Physical Education is required during all four years of high school, but the wide choice of activities enables a student to participate in a variety of sports. Everything is offered, from field hockey, archery and soccer in the fall, to softball and tennis in the spring. Students can take advantage of the diversified physical education department and benefit from it.

Hearing

The Hearing Program at Arlington enables hearing impaired students to take part in the required courses, as well as a variety of electives, through the aid of well-trained interpreters. In this way, they are not excluded from the normal classroom situation. Students who are involved academically and socially with the hearing impaired realize that there are many other ways of communicating aside from verbally.

Art

Whether a student is looking into art as a career or as a hobby, the art department offers a wide range of courses from Studio Art (basics) to Sculpturing, Ceramics, and Drawing and Painting. Those courses not only increase knowledge in the arts, but they also develop latent skills. This is most evident when the work of our art students is displayed and viewed.

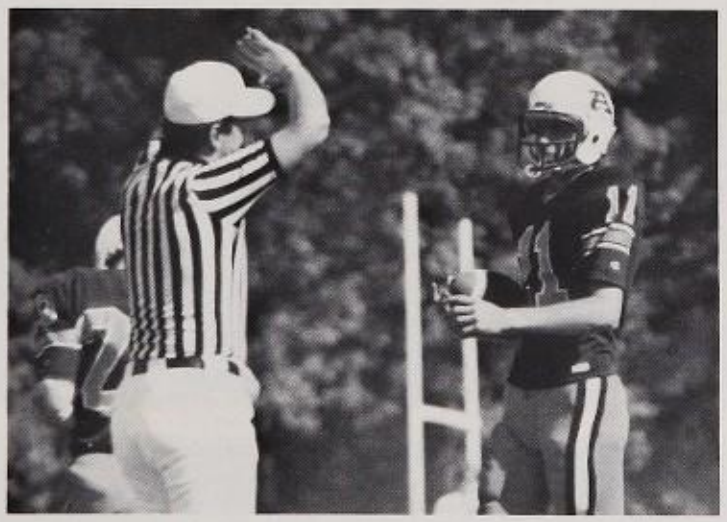
EVENTS



Spirit Week

Spirit Week kicked off major fall events at Arlington this year. During this week students donned various articles of clothing for music day, hat day, and school spirit day. The highlight was Arlington's third successful Homecoming game and dance, held on October 8, 1983.

The football game at 9:00 led off the day. Although the Arlington Admirals lost to Newburgh, 21 - 7, the game was memorable because we scored our first touchdown of the season. During halftime, the marching band played and the homecoming float, replete with the Homecoming theme of "Arlington reigns," presented the Homecoming nominees and added much excitement to the day's events.

The climax of that evening at the Homecoming Dance was the crowning of Darren Horvath as king, and Beth Clayton as queen. Entertainment was provided by the band "Pyper." Through the combined efforts of our new advisor, Mrs. Tillman, and members of the Student Government, Arlington continued its Homecoming tradition.

Marching Band Invitational

On October 16th, the Arlington High School Marching Band hosted its eighth annual Invitational. A total of about ten bands participated. One of the bands, Marcus Whitman, from Rushville, N.Y., was housed by Admiral Band members throughout the weekend of the competition. Other bands were from New Jersey, and throughout the rest of the Empire State.

Crowds of about 1,000 cheered the Admiral Band on to a score of 90 (out of 100) points. The undefeated band was led by the efforts of drum major Katie Meyerson. Although Arlington did not compete in the Invitational, their score would have been sufficient to win nearly any competition they would have attended.

Arlington's Color Guard, led by Jeannine Liu, also excelled in the competition. Their outstanding participation in the Invitational greatly enhanced the spectators' view of the band.

All of Arlington can be very proud of this well-attended event.

Though only in its fourth year, the Admiral Winter Guard already has proven itself to be one of the best. Currently holding the highest score in the United States and Canada, the guard is now recognized on a national level. Their combination of militarism and ballet has taken the guard to unbelievable heights! They plan to travel to Dayton, Ohio and to compete in the Winter Guard International Olympics. Their goal is making the top five in the country and Canada.

Many hours are spent each week at rehearsal. The guard's development of poise, skill, and technique is a very dedicated process. Blending all, the guard continuously strives for perfection. Their director, Mr. Thomas Hart, is the key to the guard's success. In addition to rehearsing with them each week, Mr. Hart coordinates the entire program which includes the design of uniform, selection of music, arranging of competitions, and choreography of drill and work of this accomplished guard.

The music begins,
the heart beats faster.
It stirs the soul,
and makes a body float across the floor.
Choreographed movements of color
and dance.
Crescendos accented with a high quad
or a flashy flag movement.
A ballet of weapons enters and takes
center stage.
The music increases and envelopes the
audience.
They become a wild, frenzied mass,
leading us to the finale.
We become one huge butterfly,
full of beauty, grace, and poise.
We have captured their hearts and have
moved them into our domain.
There is no escape,
they are caught in our wonderland.
The "fever" has spread,
we have lifted someone's heart.
Our love and devotion has shone through,
they are happy, we are happy.
That is what it is really all about.

South Campus Chorus

The South Campus treble chorus under the direction of Mrs. Susan Frazee had three scheduled performances for the school year; a winter concert, a mid-winter concert, and a spring concert. In addition to these performances, the group sang at various nursing homes and community functions. This chorus, combined with the North Campus Treble Chorus, received an A+ rating in the N.Y.S.S.M.A. choral competition last spring and participated again this year. Two of its members, Fran Brown and Lisa Davey, competed in Area All-State this past fall. Six freshman were chosen for the D.C.M.E.A. Junior High School Festival.

North Campus Mixed Chorus

This year, the chorus, under the direction of Mr. Palmieri, sang in many other concerts besides the Christmas and Spring ones. The traditional Christmas and Spring concerts were formalized with performances at the First Lutheran Church. This chorus sang with the Poughkeepsie and Roosevelt H.S. choruses, which culminated in a performance with the Hudson Valley Philharmonic in the spring. "Mixed" also sends soloists and ensembles to the NYSSMA competition.

Student Government

Student Government had a very productive year. Homecoming 1983, with the theme of "Arlington Reigns," was a huge success. We, with the help of the Arlington community, contributed to the Muscular Dystrophy Association through our January twelve hour Dance-a-thon. Our third annual Battle of the Bands, always a favorite, added some variety to the year. G.O. has filled this year with many memorable and enjoyable events.

Ski Club

One of the best ways to enjoy winter weather and the snow is to join Ski Club. On its many skiing daytrips, the club members go to many local ski areas in the Catskills & Berkshires. The club also plans an annual weekend trip to Killington, Vermont which is always a smashing success.

Club 17

Many people consider donating blood to be no major concern of theirs. Yet to others, such as accident victims, it could mean the saving of their lives.

Anyone 17 or older and heavier than 110 pounds is eligible and urged to donate a pint of blood. If some of you out there are afraid to donate—NONSENSE! In the short, painless time it takes, you may save a precious life.

Foreign Exchange Students

With help from Spanish Heritage, Rotary Club and Youth for Understanding, students from Spain, France, Brazil, the Netherlands, Germany, Columbia, and Finland have the chance to live with American families and to attend American high schools. These students benefit from their stay by increasing their English speaking abilities and learning about our society. We, in turn, have the opportunity to become friends with people our own age who have different cultural backgrounds from which we are able to learn many new things also.

Spanish Club

The Spanish Club is growing with help from Mrs. Hinz. Members from both campuses meet to discuss club activities. They celebrated Christmas differently this year. The club's Christmas party was held at Maura Burn's house on January 6, the day most Spanish-speaking countries celebrate Christmas. Each year Mrs. Hinz and students from levels four and five Spanish go to either Spain or Mexico. It is a great opportunity to get out and practice Spanish in every day situations.

French Club

The French Club, under the supervision of Cheryl Blanchette, had a most wonderful year. With about 15 active members, much was accomplished. The members dined at the Pavillon restaurant and went to New York City for some French cuisine and a movie. Thanks to all the members who made this club the best.

Under the direction of Mrs. Barley, the Russian Club arranged and participated in many activities this year, ranging from a M&M's candy sale to a Christmas party. Club officers were also elected at the beginning of the year.

But the big event of 1983-84, like last year, was the trip to the Soviet Union. From April 12 to April 29, the group of Juniors and Seniors traveled to Moscow, Leningrad, and Kiev.

All who participated in the trip enjoyed themselves tremendously and thought the trip to be a very valuable, worthwhile and fun experience.

Slava is the National High School Slavic Honor Society. It serves as a means of recognition of academic excellence in the study of Slavic languages, literature, and culture on the high school level. To qualify for Slava, students must be in the fourth level Russian class and must have maintained a minimum average grade of eighty-eight during all four years. Arlington is proud to be one of the thirty-five nationally established chapters of this prestigious organization.

German Club

The German Club got off to a great start this year. With the help of our German teaching assistant, Elizabeth Binder, we were able to plan many new activities. These included a cooking session in which we tried many German specialities and a traditional German Karnival in the beginning of March.

Debate Club

The Debate Club is an exciting activity for the "loquacious young scholars" of Arlington. Much work went into researching, writing, and debating original legislation. The year came to a climax this spring when Arlington held its first "Model Congress." Hopefully, the tradition will be continued throughout the years to come.

Arlingtonian

The Arlingtonian, the school's newspaper, distributed to all students and faculty, had a year of exceptional success, more than doubling the frequency of its publication the year before. Articles appeared on subjects as diverse as local and national political contentions, school sports and other activities, and artistic criticism. One issue devoted most of its space to the protracted labor dispute between the teachers and the District Board of Education, with discussion and interviews concerning its many ramifications. Contrasting opinions and commentary on questions of vital concern to students are other regular features of the newspaper. The success of The Arlingtonian has been due not only to the integrity and hard work of its editorial board, with its faculty advisor, but also to the enthusiastic support of contributing members of the student body.

Drama Club

Advisors: Mr. Eric Buergers, Mrs. Andrea Buergers, Mr. Gary Palmieri

In the past five years, the Arlington Drama Club has grown into a reputable theatre group, offering an outlet for creative, individualistic students. Drama Club members have worked hard to produce excellent quality productions. Last June, the Arlington Drama Department won a total of seven County Players awards, including "Best Musical" for "A Funny Thing Happened on the Way to the Forum." This year, the drama club upheld its outstanding reputation with its winter production of "The Fantasticks."

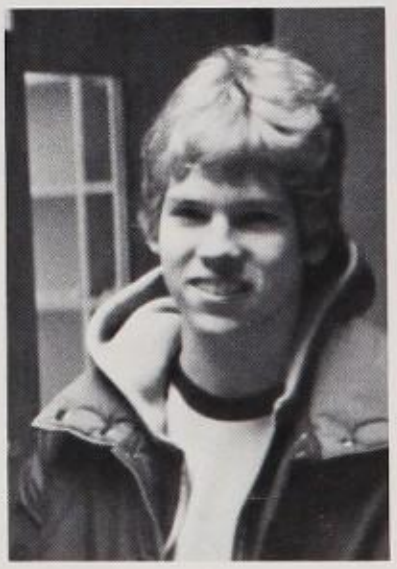
STOTESBURY CUP



Community Volunteer Service

The C.V.S. program made several changes this year. In the past, students have earned credit by volunteering their time and earning 150 volunteer hours for a half unit of credit. In addition to the requirement of submission of hours, students were required to submit self evaluation forms and teacher/supervisor evaluation forms at the end of each semester in order to earn credit. By doing so, students were able to reflect on their volunteer experience and determine to what extent they benefited from volunteering. Most found it to be a very rewarding experience.

BOCES

The purpose of the Technical Education Center is to prepare students in the skills and technical knowledge required for entering a skilled occupation. B.O.C.E.S. should not be thought of as something separate and apart, but rather as the Occupational Education wing of Arlington High School.

Marist Bridge Program

Arlington is one of the few high schools fortunate enough to have a senior year "bridge" program with Marist College. This program bridges the gap between high school and college and forces the student to mature to a college level because the student attends college during his last year of high school. The program requires that the student complete the physical education requirement and take AP English and one other AP course at Arlington. In addition, the student must take three courses at Marist, which may or may not be offered at Arlington. Unexpectedly, many students find the high school AP courses to be more difficult than the college courses. Some choose to enroll in the Early Admissions Program; these students attend five classes at Marist and none at Arlington. The Marist Bridge Program allows the senior at Arlington an opportunity to earn credits that count toward both a high school and a college diploma while enjoying the social and academic experiences of a college campus. After completing this program, most students transfer to another college as a sophomore. The Marist Bridge Program certainly benefits the students in many ways.

Varsity Field Hockey

The Arlington Varsity field hockey team is truly looking up. Despite having only one senior on the team this year, the team improved its record and skills from last year. Our outstanding sophomore goalie, Carol Cuevas, was chosen for the first team of Conference A, and in her first year of playing, Terri Kelly, a junior offensive wing, was picked for the Journal's all-star team. The team is enthusiastically looking forward to next year because the team will be made up of experienced players and hopes to have another season of great effort and improvement.

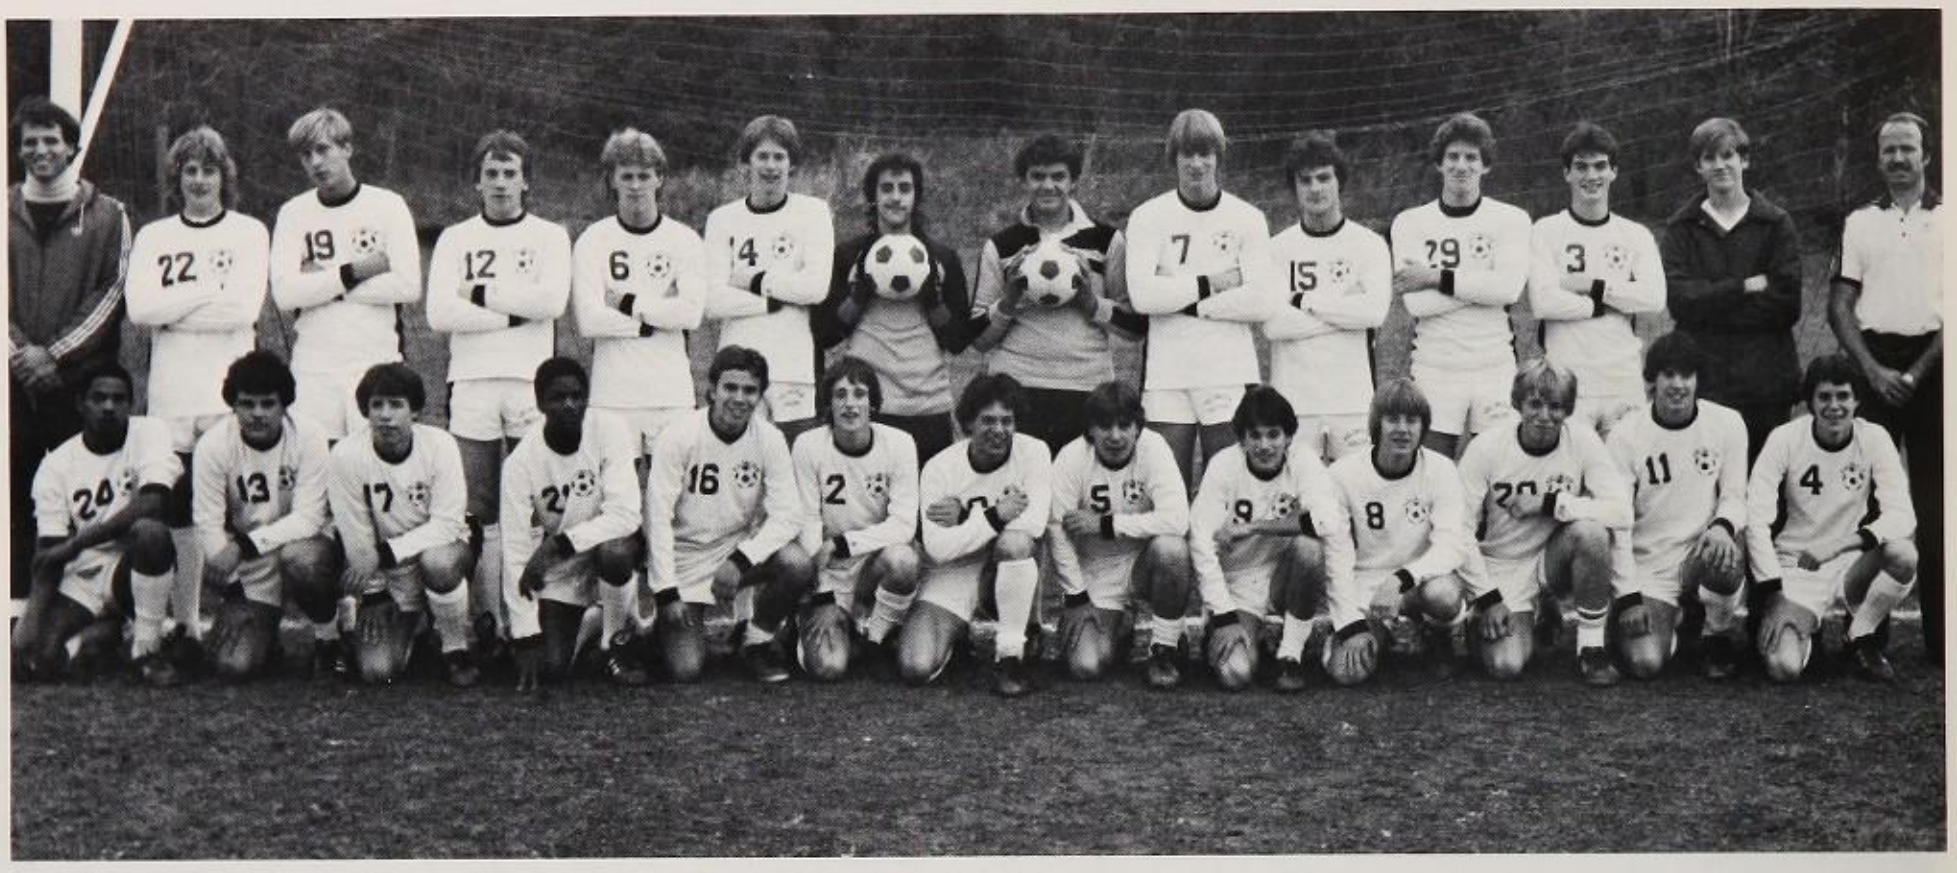
Varsity Soccer



For the second year in a row, the Varsity Soccer Team reached the New York State Class A Soccer Finals. However, they failed to achieve the ultimate win. Instead, they were defeated by Cardinal Mooney in a 1-0 game. During the 1983 campaign, the Admirals compiled a record of 22-2-1: the first loss being a 2-1 defeat by Shenendahowa; the other being the loss to Cardinal Mooney. However, Arlington was able to avenge its loss to Shenendahowa by beating them in a heart stopping State quarter final game which few in attendance will ever forget. This year's team finished second in the state rankings. In fact, over the last four years, the Arlington team has never been ranked lower than number 5, and next year looks to be another promising season with several returning players including Chris Szanto*, Tim Lane, and Scott Grimes on defense, Ken Perkins, and Chris Mygan in the midfield, Paul Fedor and Dean Jack on offense, and Rich Carlacci in the goal.

Outstanding Seniors: Chris Kapogiannis: Defense
John Bayne: Midfield

Record: 12-4-2

Another successful year passed as the Arlington J.V. Soccer lived up to its old traditions, compiling a record of 12-4-2. The team was a very young one, made up of many Freshmen. Looking ahead to next year, it will hold up the tradition with many strong returning players.

Lorie,
I am glad to have met you.
I hope you have a nice summer.
See ya next year!

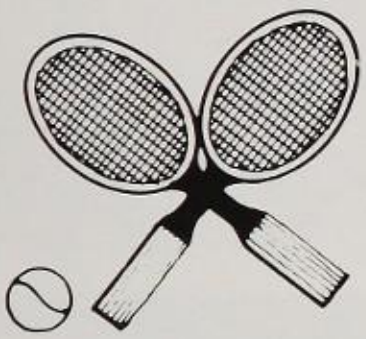
The Arlington Hockey team had its most successful season in three years this year under the leadership of team captain Jamie VanBramer, Alternate Captain Tom Domicoli, and goal tender Mike Paul. The team's drive to the playoffs was also helped by key players Peter Barclay, Tom Eagan, Tim Tyler, and freshman Steve Palmer.



Varsity Volleyball

Although this years' Varsity team had a new coach, the season was productive. Success doesn't always come to a team, but the trying players put forth good effort to come up with several wins. All in all, the season was enjoyable.

Varsity Basketball

The boys Varsity Basketball team, coached by Woody Osterhoudt, had a strong squad this year. They were paced by leading scorer Dave Wallace and leading rebounder Greg Starzyk. The team also received strong support from seniors Steve Chiavelli and Rob O'Rourke, and juniors Mike Thomas and Darrius McClendon.

The team captured the Roosevelt Christmas Tournament in December. After the first 9 games, the Admirals were 7-2, and first place in their league. This made Coach Osterhoudt and team members confident that Arlington would win its first league title since 1967.

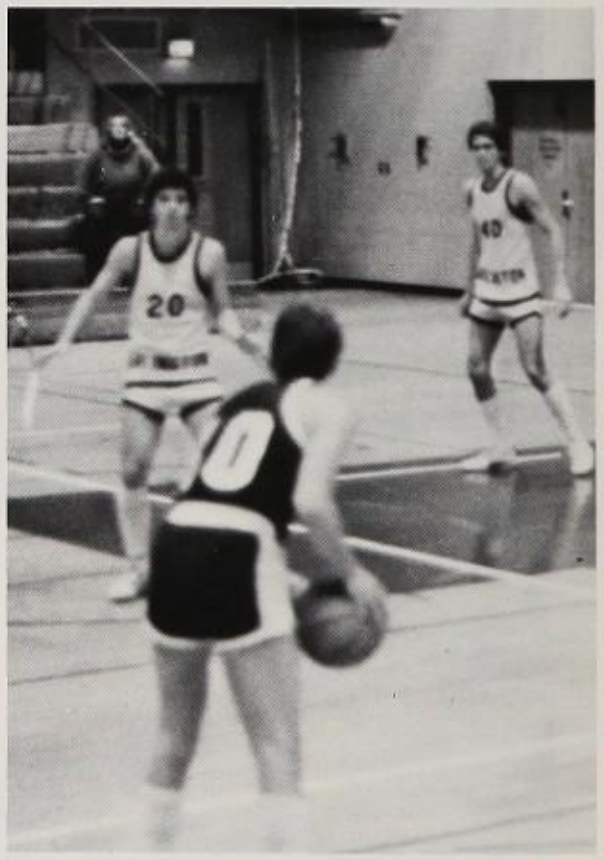
In just a few short years no one will be able to recall the record of the Junior Varsity Boys Basketball Team of 1983—1984 and the names of the team members will have escaped even the most devoted fans. However, the players and certainly the coach of this diligent group will be able to look back upon the season and realize that they achieved a rarity in recent athletic competition. They worked and performed on the court as members of a team.

Highlights of the team's season will show two double overtime victories against Mahopac and Poughkeepsie, a number of come-from-behind upsets, and several outstanding individual performances in crucial situations. The real value however, was gained when the players saw their team mates come to practice despite being injured, ill (despite the protests from Mom), and fully aware of the fact that they would not see much playing time, if any at all, in the games. This remarkable devotion to a team effort is what made this season an outstanding one.



Freshman Boys' Basketball

The boys freshman team had a successful season. They fielded a competitive team, learned much about their sport, and demonstrated good sportmanship, and school spirit both on and off the court.

Swim Team

This year our team had one of its best seasons yet. Setting the pace with good individuals talent and great team spirit, our team had more wins this year than it has had in several years. Even with only a few seniors, our team has shown real promise under Coach Mike Selage. Captains Kelly Davis and Jay Duhamel have led our team with spirit and enthusiasm. Jeff Davis in 50 free and 100 Backstroke and Butch Terminello in the relays, have helped in our wins. Paula-Jeanne Mills, the only diver on the team, has made a large contribution.

With such an outstanding season to look back on, our team looks forward to an even better season next year. Thanks, Mr. Selage for a wonderful year!

Gymnastics

The Arlington gymnastics team, coached by Barbara Kull and Sue Goth, has been reinstated in the school's competitive sports program. Last year, there was no team; so, the very existence of the team is progress. Also, Arlington has entered a new conference of schools which brings more and tougher competition for the gymnastics team. Because most of the gymnasts are freshman, the team has much potential in the coming years.

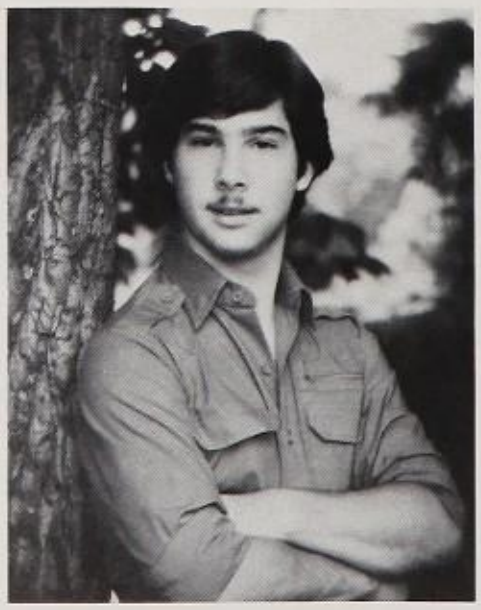
"You and I both know the score, we can't go on this way forever, so it's with regret I tell you now, from this moment on . . . we're on our own" — Genesis
Thanks guys!

Holly Arnold



Mark Atkins
Times are good; times were bad, and their total's just begun. For though we've beaten back the night, there are more wars to be won.

Kathy Averill
"If I had a box just for wishes and dreams that could never come true, the box would be empty except for the memories of how they were answered by you."— JC

Kim Bahret
The permanent temptation in life is to confuse dreams with reality. The permanent defeat in life comes when dreams are surrendered to reality.

Shawn Baker
"I know the night is fading and I know the time's gonna fly and I'm never gonna tell you everything I gotta tell you, but I know I gotta give it a try." — AS

Many people do not know what student government really is. It's a group of students working not only individually, but also as a whole. Students take on more responsibility as they progress in high school. Although the jobs and tasks grow larger, the enjoyment of doing them grows also. What we have accomplished in our last year here at Arlington is just the beginning of what we have to look forward to in the future.

NHE NATURAL HEAT & ENERGY CO.

Better than Cast Iron

Because our Hearthstone II is made of **soapstone**, it will hold heat **more than twice as long** as any **metal** stove — and radiate it much more evenly.

It burns wood or coal with equal efficiency and easy change over, is airtight and thermostatically controlled. Its unique secondary burn system reduces creosote buildup.

This beautiful mid-size stove is small enough to fit most fireplaces, yet large enough to heat the average home all day or night on one loading.

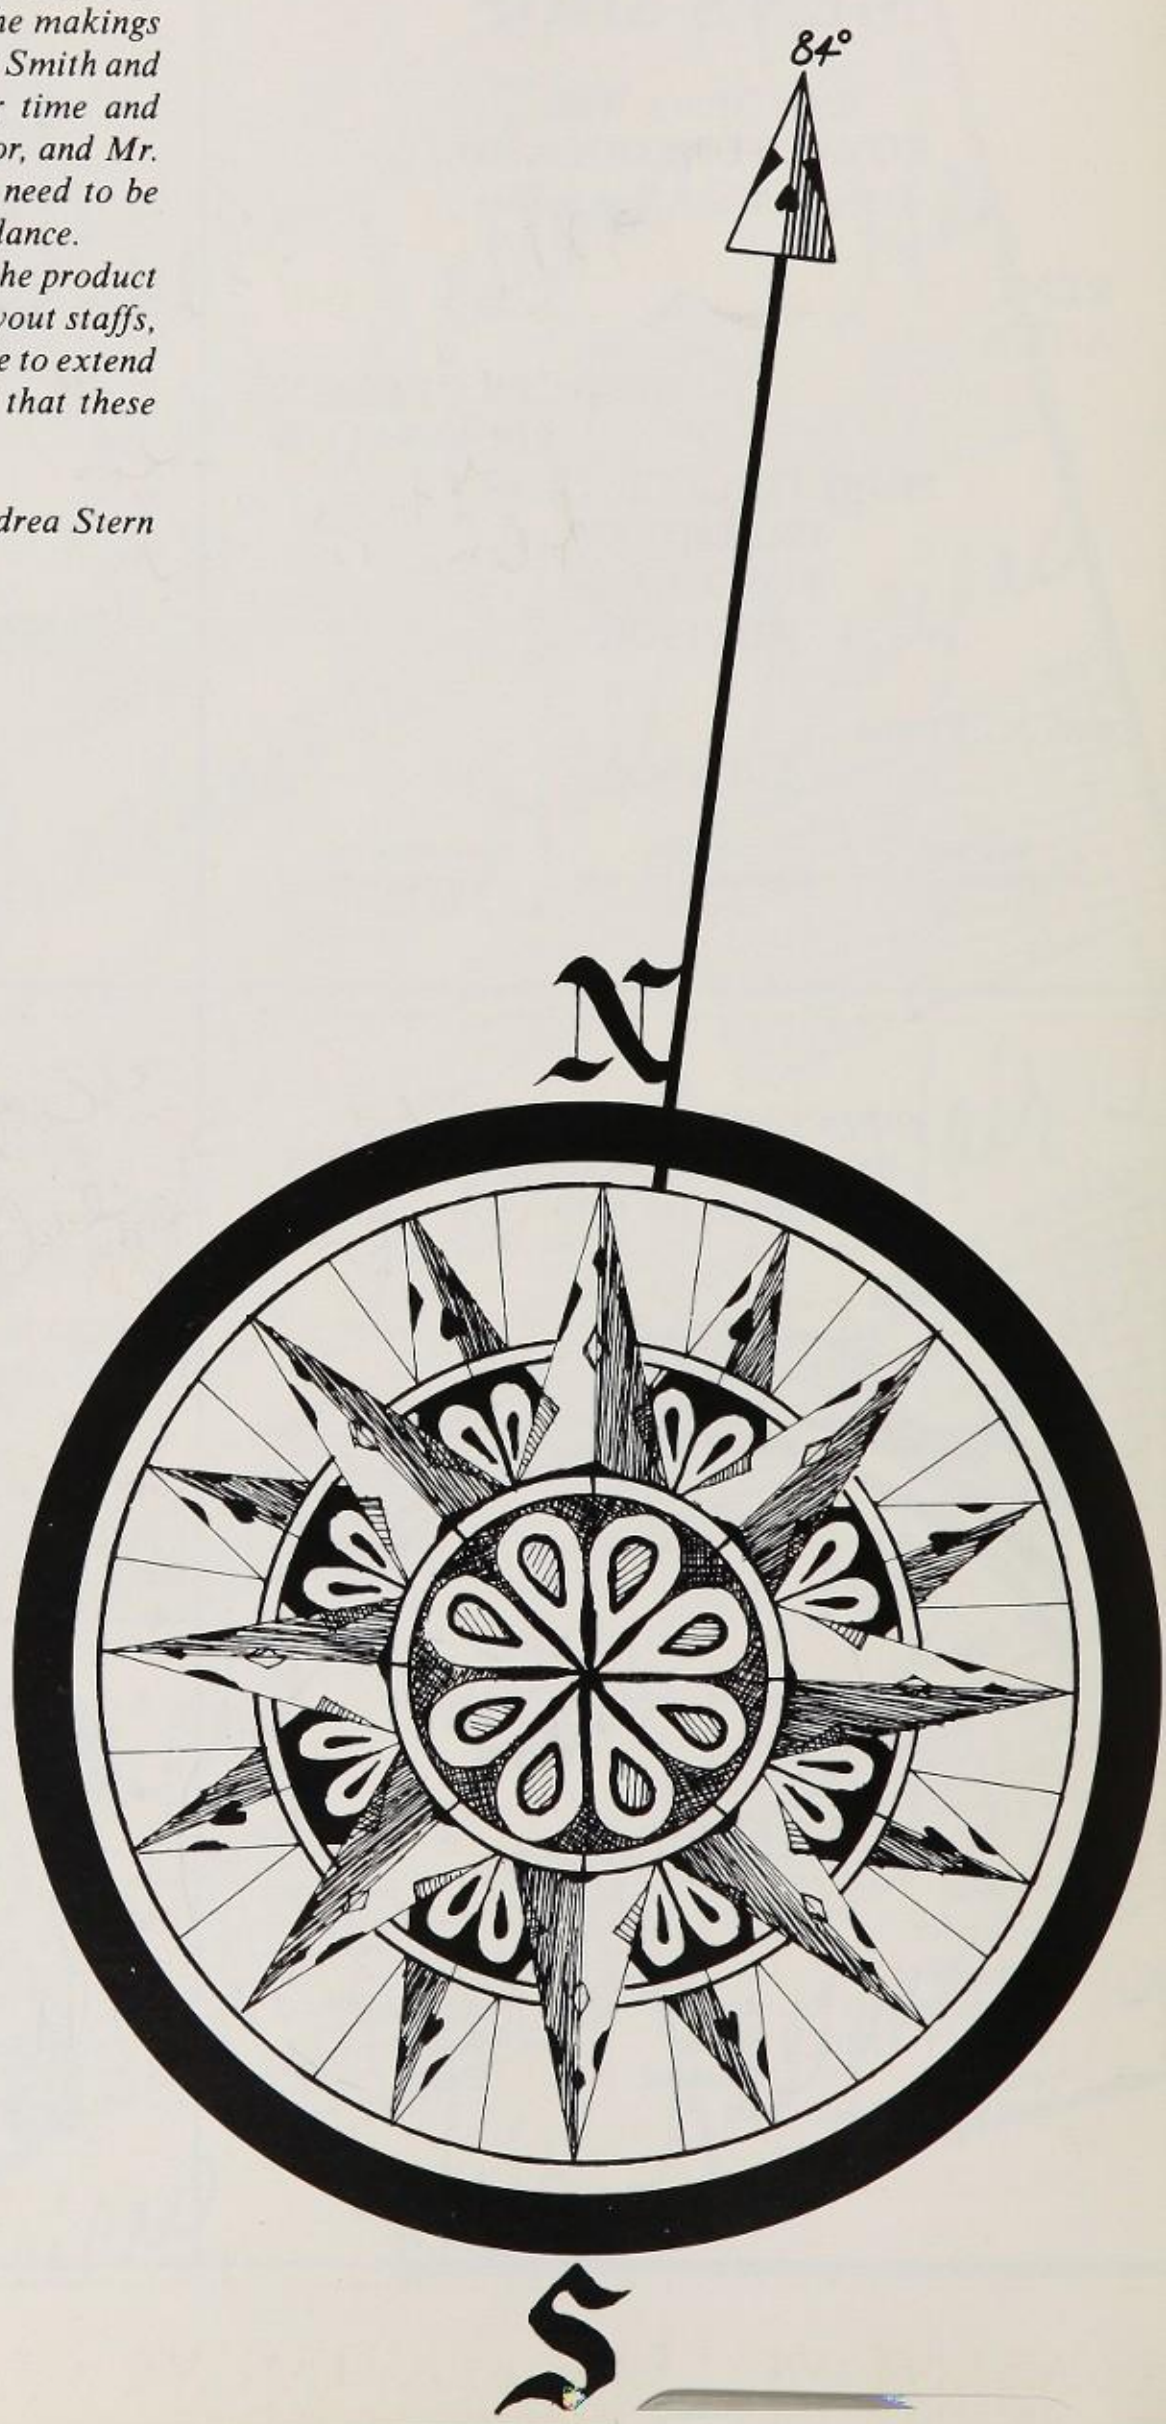
As the editor of the yearbook, I have had the responsibility of managing the production of the 1984 edition of Anchors. *For me, this job demanded countless hours of hard work. This challenging endeavor could not have been accomplished without the help of a dedicated staff. Therefore, I would like to thank all yearbook members who participated in the makings of the yearbook. Special thanks are extended to Lisa Smith and Shelly Strydio who devoted many hours of their time and really did a superior job. Mrs. Buergers, my advisor, and Mr. Brian Hawthorne, the Delmar representative, also need to be recognized for their outstanding patience and guidance.*

A yearbook is not the job of a single person. It is the product of many people; the photographers, the copy and layout staffs, the business staff and the typists. Again, I would like to extend my gratitude to the people who contributed. I feel that these contributions have resulted in a great yearbook.

Andrea Stern



This year's cover was designed by Jeanna Orosz. It was chosen for its originality and fine graphic design. In accordance with the compass, the yearbook's theme is one of direction. Hopefully, the 1983-1984 yearbook captures the most important events of the school year, and that students (especially seniors) will enjoy looking back on the many captured memories. To all students — the best of luck for all future endeavors, in whichever direction you go.

Congratulations Class of '84

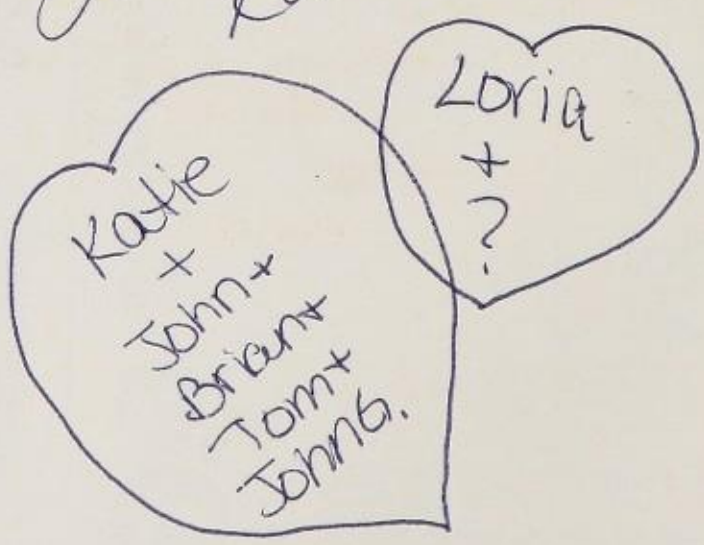
Aria,

I don't know where to start. First of all I'm so glad the year's over. It wasn't as good as I thought it would be. But I know next year will be a lot better, & I hope that you're in some of my classes. We've been best friends for so long and there's so much I want to say but ~~there's~~ there's not enough room on this page, and I don't want to get mushy. Well I'll be seeing you all summer, or run off with Wayne in case I die or something (don't I wish) & I want to wish you a great like that (as a great summer.

Luv ya always,
Katie

DON'T
SWEAT
TOO MUCH!!



Loria,
Glad we were friends this year - your a real good one. Keep in touch over the summer - 635-7207. Keep up the good work in Spanish.

Loria,
Glad we became friends this year. Maybe next year well be in the same classes. Hopefully at north. Good Luck in tenth next year. Stay as nice as you are! Call me & you are cool - 471-8958!
Stay cool
// Love,
Laura

Loria,
Hey. Hey What's up?
Well it was really great meeting you this year. . . we really had some fun times on track, didn't we?!? Good some times were great! That's one of the only things I'm looking forward to next year (seeing Jim Bauer!!) I hope we really became good friends before. we graduate (and I think you're really nice, O.K?) So give me a call sometime & we can do something over the summer, O.K.

Have Fun!

Loria,
Well this is
the second time
signing a year book
for you. I still have that
other one from 6th grade.
You are a real great friend and
I'm going to miss you this summer.
I hope we are in the
same school ~~next~~ year.
Loria, then I hope we are
in the same classes.
Winter track has been really fun with you.
I hope we stay Friends for a long time -
you better keep in touch over the summer - I'll
give you a call too!!!
I hope you can come
we can go over to Vassar or something -
well, I'll see you later
Have a great summer,
love
